RSW

Dedicated to being a one-stop shop for professional products, OmniMount remains on the cutting edge of product innovation. That's why we're the natural choice for any professional, industrial or commercial application. The Viking Series is a line of professional grade rack systems and accessories for managing components and giving an organized, polished look to any A/V installation. The RSW is a heavy duty wall rack system that's both cost-effective and fully assembled – perfect for applications where wall mounting components is preferred.
