

Product Information Sheet

WS31

OmniMount, a leader in home theater furniture and accessories, offers an impressive assortment of speaker stands. Functionality and aesthetics are equally represented across all lines, while unique features distinguish them from the competition. For traditionalists, wood speaker stands have been the norm. The Wood Series updates this standard with features including quality steel leveling/isolation spikes and cable management – all in a design which combines traditional materials with a contemporary look. The WS31 is a solid stand for large bookshelf speakers.

With built-in isolation spikes, Wood Series speaker stands optimize audio quality
