vizia +™

COLLECTION

The Vizia +™ Collection is Leviton's most advanced statement in residential lighting and home control technology. It includes standard and radio frequency (RF) products designed to accommodate every type of lighting for the home, from providing a single dimmer to creating an entire wireless home control system. Integrated into a stylish new form factor, Vizia + offers advanced lighting technologies, an all-digital design and an elegantly simple user interface. The streamlined collection complements a wide range of decorating styles. Vizia RF +™ delivers the performance of a high-end lighting control system at a moderate cost. With built-in Z-Wave® wireless technology, homeowners can automate lighting, household appliances and electronics with the touch of a remote. The Vizia + Collection is completely compatible with Decora Plus™ screwless and Decora® standard wallplates, and the complete line of Leviton's hallmark Decora wiring devices.

vizia +™

Exceptional style, intuitive and easy-to-operate

Varying the amount of light with Vizia +™ dimmers can add beauty and drama to any room. Vizia + dimmers and switches give you the ability to control light so you can enjoy your home to its fullest potential.

Because all Vizia + dimmers use digital technology, they add precise control with features such as user selectable fade rates and minimum brightness levels. The Energy Save mode allows the user to decrease the maximum brightness level to reduce energy consumption. By selecting the LED Options mode, the user can adjust the timeout of the LED locator light and LED brightness display to one of four preset options.

Press the dimmer's push pad and the lights turn on to the last set brightness level. Or customize a preset light level that lets users specify the brightness level the lights turn on to, regardless of the level when last turned off. When a matching remote is installed, it tracks and displays the same green LED light.

The Vizia + line of lighting controls includes dimmers, switches, remotes and fan speed controls that are finely engineered for effortless performance.

vizia +™

THE COLLECTION

Everything you need for easy, energy-efficient lighting and home control is in the Vizia + and Vizia RF + collection. The collection meets all applicable UL, CSA, NOM and FCC requirements and features a five-year limited warranty.

VPI06-1L
600W-120VAC Incandescent Dimmer for Single Pole, 3-Way or More Applications, with LED Locator and Brightness Display

VPM06-1L
600VA-120VAC Magnetic Low Voltage Dimmer for Single Pole, 3-Way or More Applications, with LED Locator and Brightness Display

VPM10-1L
1000W-120VAC Incandescent or 1000VA-120VAC Magnetic Low Voltage Dimmer for Single Pole, 3-Way or More Applications, with LED Locator and Brightness Display

VPE04-1L
400W-120VAC
VPE06-1L
600W-120VAC
Electronic Low Voltage Dimmer for Single Pole, 3-Way or More Applications, with LED Locator and Brightness Display

VPX10-1L
1000VA-120VAC Fluorescent Dimmer for Mark 10® Powerline or Tu-Wire® Ballasts for Single Pole, 3-Way or More Applications, with LED Locator and Brightness Display

VPX12-7L
1200VA-277VAC Fluorescent Dimmer for Mark 10® Powerline Ballasts for Single Pole, 3-Way or More Applications, with LED Locator and Brightness Display

VPH08-1L
8A-120VAC Fluorescent Dimmer for Hi-Lume® or Eco-10® (Eco-Series) Ballasts for Single Pole, 3-Way or More Applications, with LED Locator and Brightness Display

VPH06-7L
6A-277VAC Fluorescent Dimmer for Hi-Lume® or Eco-10® (Eco-Series) Ballasts for Single Pole, 3-Way or More Applications, with LED Locator and Brightness Display

VPF01-1L
1.5A-120VAC Quiet Fan Speed Control for Single Pole, 3-Way or More Applications, with LED Locator and Fan Speed Display

VPS15-1L
15A-120VAC Non-Dimming Electronic Switch for Single Pole, 3-Way or More Applications, with LED Locator

VP00R-10
120VAC Coordinating Dimmer Remote to 120VAC Dimmers/Fan Speed Control for 3-Way or Up to 10 Location Applications (No LEDs)

VP00R-1L
120VAC Matching Dimmer Remote to 120VAC Dimmers/Fan Speed Control for 3-Way or Up to 5 Location Applications, with LED Locator and Brightness/Fan Speed Display

VP00R-7L
277VAC Matching Dimmer Remote to 277VAC Dimmers for 3-Way or Up to 5 Location Applications, with LED Locator and Brightness Display

VP0SR-10
120VAC Coordinating Switch Remote to 120VAC Dimmers/Fan Speed Control and VPS15-1L Switch for 3-Way or Up to 10 Location Applications (No LED)

VP0SR-1L
120VAC Matching Switch Remote to 120VAC Dimmers/Fan Speed Control and VPS15-1L Switch for 3-Way or Up to 5 Location Applications, with LED Locator

VRI06-1L
600W Incandescent Scene Capable Dimmer for Single Pole, 3-Way or More Applications*, with LED Locator and Brightness Display

VRI10-1L
1000W Incandescent Scene Capable Dimmer for Single Pole, 3-Way or More Applications*, with LED Locator and Brightness Display

VRM10-1L
1000VA Magnetic Low Voltage Scene Capable Dimmer for Single Pole, 3-Way or More Applications*, with LED Locator and Brightness Display

VRE06-1L
600W Electronic Low Voltage Scene Capable Dimmer for Single Pole, 3-Way or More Applications*, with LED Locator and Brightness Display

VRF01-1L
1.5A Scene Capable Quiet Fan Speed Control for Single Pole, 3-Way or More Applications*, with LED Locator and Fan Speed Display

VRS05-1L
5A Incandescent Scene Capable Switch for Single Pole, 3-Way or More Applications**, with LED Locator

VRS15-1L
15A Scene Capable Switch for Single Pole, 3-Way or More Applications**, with LED Locator

VRC0P-1LW
1-Button Scene Controller/Virtual Switch Remote 3-Way RF Controller for Multi-Location Control, with LED Locator

VRCZ1-1L
1-Button Zone Dimming Controller/Virtual Dimming Remote 3-Way RF Controller for Multi-Location Control, with LED Locator and Brightness Display

VRC4-1L
4-Button Scene Controller for Single Pole, 3-Way or More Applications, with LED Locator and Brightness Display

VRCZ4-1L
4-Button Zone Controller for Multi-Location Control with IR Remote Capability

VRP03-1LW
300W Scene Capable Plug-In Lamp Dimming Module

VRP15-1LW
15A Scene Capable Plug-In Appliance Module

VRC0P-1LW
Plug-In Serial Interface Module RS232 ASCII Interface

VRMR1-0SG
IR Handheld Remote Controller for Zone and Scene Control

VRCPG-0SG
RF Handheld Remote Controller Programmer/Timer

VRCPG-BSG
RF Handheld Remote Controller Programmer (Basic)

ControlThink® Programming Tools for Z-Wave® Networks

CTTEP-20W ThinkEssentials® Professional Edition Software

CTTES-20W ThinkEssentials Standard Edition Software

CTZUS-1US ThinkStick™ Z-Wave USB Adapter

*Use VRCZ1-1L, VP00R-10 or VP00R-1L for 3-way applications.
**Use VRC0P-1LW, VP0SR-10 or VP0SR-1L for 3-way applications.

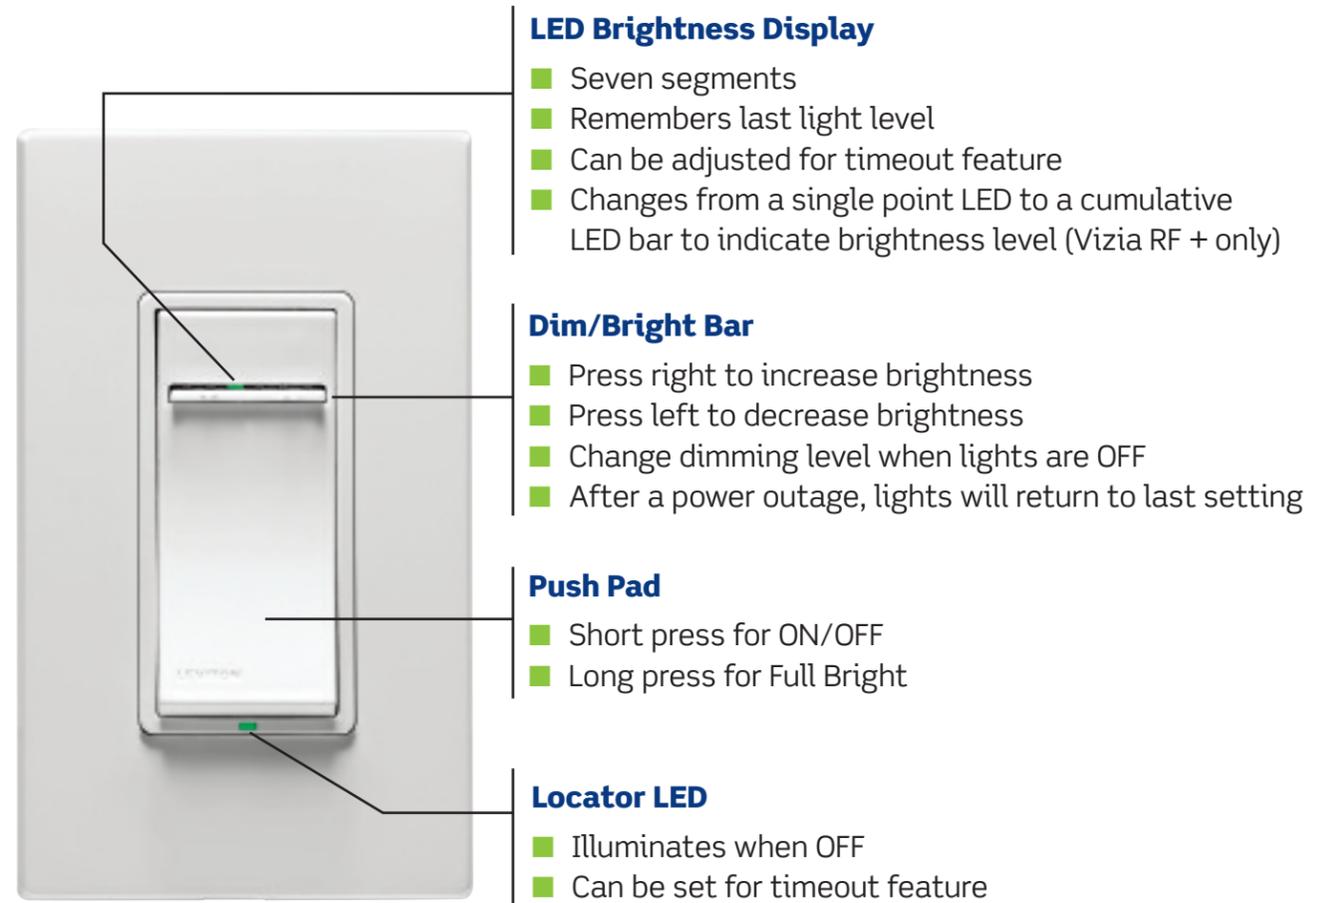

Vizia RF +™ - The wireless home control solution preferred by professionals

Vizia RF + incorporates Z-Wave® technology, a versatile home control technology that effectively transforms any component – switches, lighting controls, shades, thermostats, appliances and more – into an intelligent device that can be wirelessly controlled and monitored. It delivers the reliability and performance of a high-end “custom” system at an affordable cost. With Vizia RF +, you can automate your home without new wires by upgrading your standard dimmers and switches with intelligent Vizia RF + components.

Vizia RF + can control individual zones and scenes, filling a room with light or adding security and safety. Homeowners can customize scenes by presetting lighting levels and labeling the buttons. Zone control delivers the flexibility to control an area of lights across the room or throughout the home. At the touch of a button, the zone controller can turn off all the outside lights or those in the basement, entryway or family room. For added security, create a lived-in look while away. Simply schedule inside and outside lights to switch ON or OFF at pre-selected times, using the RF Handheld Remote Controller Programmer/Timer and appropriate plug-in modules, switches and dimmers. You can completely automate your home with Vizia RF + wireless controls in every room and outdoors, or start on a smaller scale and expand the system as needed. It's that simple.

vizia rf +™

LED Brightness Display

- Seven segments
- Remembers last light level
- Can be adjusted for timeout feature
- Changes from a single point LED to a cumulative LED bar to indicate brightness level (Vizia RF + only)

Dim/Bright Bar

- Press right to increase brightness
- Press left to decrease brightness
- Change dimming level when lights are OFF
- After a power outage, lights will return to last setting

Push Pad

- Short press for ON/OFF
- Long press for Full Bright

Locator LED

- Illuminates when OFF
- Can be set for timeout feature

Advanced Features

- Energy save mode
- Minimum brightness adjustment
- Preset ON level
- Preset OFF level (Vizia + only)
- 49 adjustable fade rates
- Restore factory defaults

Colors

Vizia +™ and Vizia RF +™ lighting controls are available in boxes with three color options: White, Ivory and Almond (-X) or White, Ivory and Light Almond (-Z). Vizia + is also available in an eco-friendly White option for select models.

Color change kits to allow fast color changeover and simplify stocking inventory are available for Vizia + and Vizia RF + wall mounted devices in the following high gloss colors:

Vizia RF + label kits for the 4-button scene and 4-button zone controllers are also available: 4-button scene controller label kit (VPSLB-S4), 4-button zone controller label kit (VPZLB-Z4).
