SYSTEM FEATURES AND BENEFITS

Multi-Line Telephone

Choose to distribute voice to any room in the home for multiple telephones, fax machines, and dial-up internet access

Snap-N-Lock Module Mounting

Get faster installations and system changes with our new Snap-n-Lock design for our horizontal and vertical mounted components

In House Audio

Allows audio to be distributed throughout the home from an amplifier, receiver or home theater then distributed to multiple speakers

Computer Networking

Network the entire home with data for multi-user computers, printers, scanners, and cable modem or DSL internet access

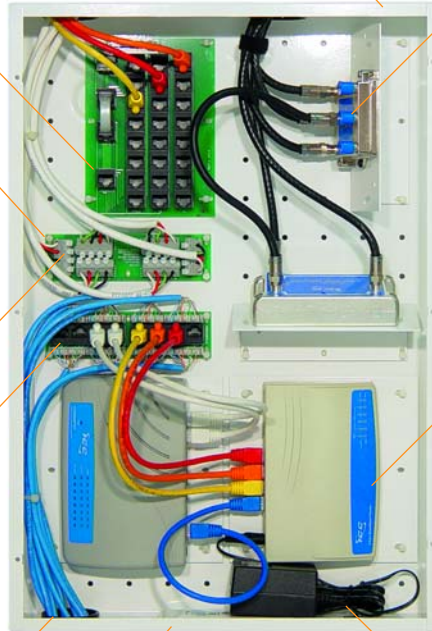

Top & Bottom Cable Access

Route cable from the top or bottom of the center through 2" protected cable feedthrough knockouts

UL Listed

All Net.Media Centers are UL Listed to ensure high quality

Satellite/Cable & Multi-Room Video

Watch and enjoy satellite, cable TV, and video in any room within your home

Security Interface

ICC's telephone modules have a built-in security override jack (RJ-31X) allowing connection to the security system and when needed an interface with home protective security services. ICC's Universal Brackets can also accommodate other security manufacturer's circuit boards

High Speed Internet Access

Get high speed internet access and keep computers safe from hackers with ICC's 4-port router with built-in firewall

Hinged Doors with Bezels

Optional hinged doors with bezels are available to cover jagged wall cuts

Electrical Power Outlet

Net.Media Centers come with 1 or 2 knockouts that fit standard NEMA electrical boxes to power routers, hubs, and switches

Universal Equipment Brackets

Universal brackets adjust to hold additional electronic equipment such as Cable or DSL modems and other active equipment

System Matrix

14" Center

Product Specifications:

- Up to 10 mounting spaces
- 14.25" W x 14" H x 3.65" D
- 1 knockout for power outlet
- 4 top and 2 bottom cable access knockouts
- 4 cable tie anchor points

ICRSDC14E	Enclosure & Hinged Door
ICRSDC14B	Enclosure
ICRSDC14D	Hinged Door
ICRSDC14C	Cover
ICRSDWB14	Hinged Door with Bezel

21" Center

Product Specifications:

- Up to 14 mounting spaces
- 14.25" W x 21" H x 3.65" D
- For medium installations
- 1 knockout for power outlet
- 4 top and 2 bottom cable access knockouts
- 6 cable tie anchor points

ICRSDC21E	Enclosure & Hinged Door
ICRSDC21B	Enclosure
ICRSDC21D	Hinged Door
ICRSDC21C	Cover
ICRSDWB21	Hinged Door with Bezel

28" Center

Product Specifications:

- Up to 18 mounting spaces
- 14.25" W x 28" H x 3.65" D
- For larger installations
- 2 knockouts for power outlet
- 4 top and 1 bottom cable access knockouts
- 6 cable tie anchor points
- Ample room for future upgrades and expansion

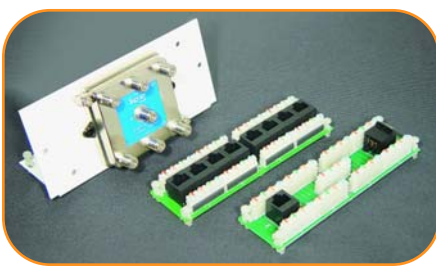

ICRSDC28E	Enclosure & Hinged Door
ICRSDC28B	Enclosure
ICRSDC28D	Hinged Door
ICRSDC28C	Cover
ICRSDWB28	Hinged Door with Bezel

42" CENTER

Offers maximum configuration flexibility and all the Net.Media Center features!

Net.Media Center Module Kits

Modules come kitted, in one package, which allows great flexibility and saves time from sorting product when installing Net.Media Centers in several different locations. They come in two different offerings for voice, data, and video distribution.

3-in-1 Module Kit

ICRSDCKT1

- Telephone Module 1 ea.
- Data Module 1 ea.
- Splitter Module, 1 GHz, 1 Input x 6 Output 1 ea.

2-in-1 Module Kit

ICRSDCKT2

- Telephone Module 1 ea.
- Splitter Module, 1 GHz, 1 Input x 4 Output 1 ea.

Net.Media Accessories

Door Lock

- ICRSDC2LK** Door Lock for Added Security

Grommet

- ICRSDCAC2** Feedthrough Grommets Protect Cables from Damage

NET.MEDIA CENTER ACCESSORIES

2

VOICE CONNECTIVITY

Telephone Module
ICRDSVPA1C

Support 1-8 Phones

RJ31X security override jack

4 incoming lines

Telephone Expansion Module
ICRDSVPB1C

Support 9-16 Phones

110 IDC Termination

Expansion jacks

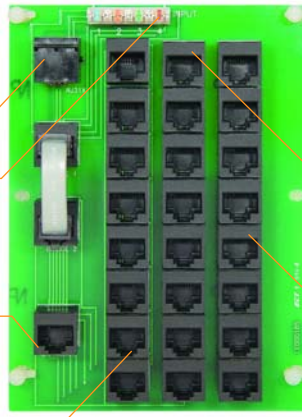

Home Office Telephone Module
ICRDSVDA1C

Support 1-24 Extensions

RJ31X security override jack

4 incoming lines

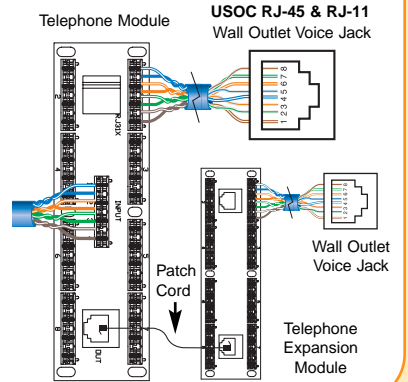

Expansion jack allows for additional extensions by connecting to expansion board

Lines 1 and 2 combined for 2 phone lines

Installer Wiring Tips

TIP: When additional phones are needed, connect the expansion module to the telephone module.

3

VIDEO CONNECTIVITY

Multi-Switch Module
ICRDSMS34C

Connects Satellites to Video Inputs

3 Inputs; 2 LNB and 1 antenna or 1 cable

Distributes up to 4 TV sets

Video Drop Amplifier Module
ICRDSAM15C

Provides Cable Amplification When There is Low Signal Strength

Passive return path with 5 to 40 MHz bandwidth

4 Outputs

Amplifier features a low noise level and 15dB gain with a 54 MHz to 1 GHz bandwidth

Video Splitter Modules
ICRDSAV82C

Support Up to 8 Televisions

Great for splitting cable, satellite, and antenna signals

Features up to 2 GHz bandwidth with 8 outputs

Also Available

1 GHz Splitters

ICRDSAV41C 1 X 4

ICRDSAV61C 1 X 6

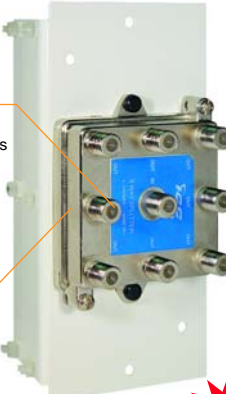

ICRDSAV81C 1 X 8

2 GHz Splitters

ICRDSAV42C 1 X 4

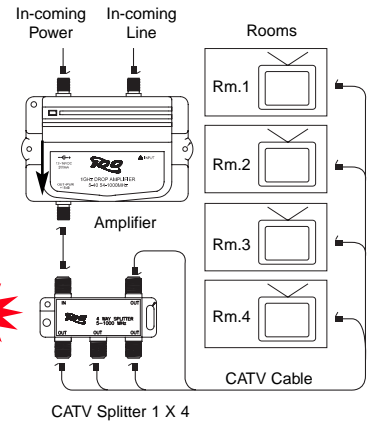

ICRDSAV62C 1 X 6

ICRDSAV82C 1 X 8

Installer Application Notes

TIP: Drop amplifiers add a 15 dB signal increase from the cable source for multiple splitters and long cable runs for better performance. Cap off any unused ports with termination caps on the splitter

4

DATA AND AUDIO CONNECTIVITY

Audio Module
ICRDSAD14C

Support Up to 10 Stereo Speakers

Allows audio signals to be distributed to 10 stereo speaker locations

Must use impedance matching speakers to avoid damage to the amplifier

Incoming Lines

14 AWG

Expansion port for more speakers

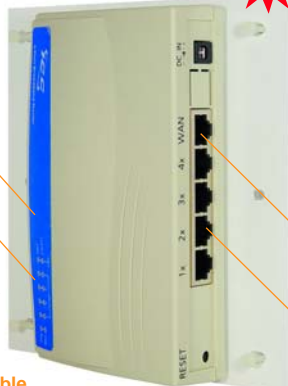

Connect & Support Up to 4 Computers to the Internet

Built-in firewall protection

High speed internet access through cable modem and DSL

4-Port Router
ICRDS05PRC

NEW

Support Up to 8 Computers

Up to 8 Category 5e data lines

WAN port

4 fast ethernet ports

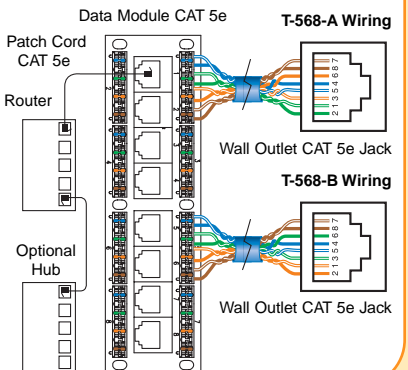

Also Available
8-Port Network Switching Hub
ICRDS08PSC

Data Module CAT 5e
ICRDSVDA1C

Installer Application Notes

TIP: Provides connectivity for home runs to a 110 IDC and patches to routers, hubs or other active components using RJ-45 patch cords.

OTHER STRUCTURED CABLING COMPANIES TRY TO GET US TO SWITCH, BUT WE ARE VERY HAPPY WITH THE ICC PRODUCT – IT IS TOP QUALITY!

– Residential Contractor

1

LARGE INSTALLATIONS

ICC's Net.Media Centers are designed for large and high-end custom installations, to suit the individual home and serve as the home's central distribution point for multi-line telephone, multi-user computer networking, whole house audio, multi-room video, and security connectivity.

- Home Theater and Entertainment Systems
- High-Speed Internet Access
- Multi-telephone Line Distribution
- Multi-Room Video Distribution and *More!*

CUSTOM HOMES

2

MEDIUM INSTALLATIONS

Net.Media Centers are offered in smaller sizes to accommodate installations with limited space and are ideal for single family and multi-unit housing. They are the home's principal distribution point for telephone, networking, video, and audio, as well as security services.

- Telephone / FAX / DSL Modems
- Multi-User Computer Networking / Printers
- Whole House Audio
- Cable TV/Satellite/Multi-Room Video and *More!*

TRACT HOMES

3

SMALL INSTALLATIONS

The Mini Net.Media Center fills the need for a compact and versatile distribution point. Its surface mount design and removable cover is perfect for mounting in any available location. Complete with telephone distribution and networking, plus CATV, this system is the perfect choice for small homes and apartments.

- Ideal for Remodeled Homes
- Perfect for Garages and Basements
- Quick and Easy to Install
- Telephone / CATV / Networking

REMODELED HOMES
