JOB STILL GOT YOU ALL TIED UP?

We have some more solutions to make that job simpler, faster & easier.

CHECK THEM OUT,

SPECIALIZED ELECTRICIAN'S...

Fish Tape • Fish Rods • Extended Bits • Wire Carts and more...

Most of these top quality BES tools are made in the U.S.A.

Barracuda Fishtape & Telepoles

A revolution in fishtape design. The first fishtape with an integrated pulling system that works! No more pliers, no more tripping over the case while you pull, no more kinks in your tape from pulling at awkward angles.

Patent # 6416040

- Integrated Cam-Lock™ handle grabs onto the tape and pulls.
- The harder you pull, the tighter the cams grip.
- Let go of the handle and the cams release, allowing you to wind up the slack as you go.
- Available with carbon steel or stainless steel wire.
- Winds and unwinds like a standard fishtape.

BRC100 100' Carbon Steel Barracuda
BRC200 200' Carbon Steel Barracuda

BRSS100 100' Stainless Steel Barracuda
BRSS200 200' Stainless Steel Barracuda

1-J-Hook (TP620H) is included with every Telepole purchased. The optional K-Hook or V-Tip are available separately.

TELEPOLE

**TWIST
 LOCK**

- Telescopes to full length in seconds
- Easy to handle in tight spots
- Push or pull wires over long spans, suspended ceilings, crawl spaces & attics
- Works great in factories and warehouses - work a 25' ceiling without a ladder
- Made of non-conductive Fiberglass for safety
- Innovative new **twist lock** system locks sections at any length
- Sturdy, durable, and lightweight at 5 lb.

TPF620 6'-20' Telescoping Fiberglass Pole
TPF614 6'-14' Telescoping Fiberglass Pole
TP620H Replacement J-Hook
TP620GM K-Hook Attachment

RETRIEVER

Fiberglass retriever features 2 - 4' sections that screw together to snag wires in hard to reach areas. Top piece nests inside bottom for convenient storage. V-Tip (included) easily grabs wires or cables

TPF8 8' 2 piece Fiberglass Retriever with V-Tip
TP8V Replacement V-Tip

Plastic Coated Fiberfish & Glowfish

Our Fiberfish and Glowfish rods with a durable plastic coating offer the same great performance with no risk of splintering or slivering of the fiberglass.

PLASTIC COATED GLOWFISH 3/16" Diameter luminous rods.

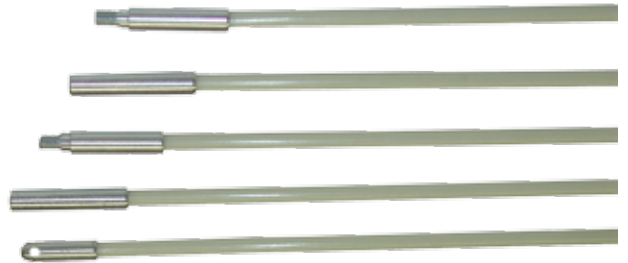

Our Glow-in-the-dark rods in the versatile 3/16" diameter with our new plastic coating process. Our clear carry case keeps them constantly "charged" and ready.

Kits

- PCF307 **Glowfish Kit** contains: 1 - 6' B/F, 4 - 6' M/F w/ tips
- PCF308 **3' Glowfish Kit** contains: 1 - 3' B/F, 7 - 3' M/F rods w/ tips

Replacement Rods

- PCF303 **6' Bullnose/Bullnose (B/B)** rod
- PCF306 **6' Bullnose/Female (B/F)** rod
- PCF310 **6' Male/Female (M/F)** rod
- PCF314 **3' Bullnose/Female (B/F)** rod
- PCF315 **3' Male/Female (M/F)** rod

PLASTIC COATED FIBERFISH II 3/16" Diameter orange rods.

The most versatile of the Fiberfish with our new plastic coating process. Perfect for a wide range of installation situations and challenges.

Kits

- PCF207 **Fiberfish Kit** contains: 1 - 6' B/F, 4 - 6' M/F w/ tips
- PCF208 **3' Fiberfish Kit** contains: 1 - 3' B/F, 7 - 3' M/F rods w/ tips

Replacement Rods

- PCF203 **6' Bullnose/Bullnose (B/B)** rod
- PCF206 **6' Bullnose/Female (B/F)** rod
- PCF210 **6' Male/Female (M/F)** rod
- PCF214 **3' Bullnose/Female (B/F)** rod
- PCF215 **3' Male/Female (M/F)** rod

PLASTIC COATED GLOWFISH II 5/32" Diameter luminous rods.

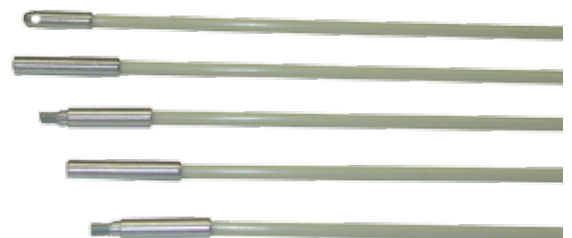

Super flexible glow-in-the-dark rods with our new plastic coating process.. Great for tight jobs. The handy clear carry case keeps them constantly "charged" and ready.

Kits

- PCF407 **Glowfish Kit** contains: 1 - 6' B/F, 4 - 6' M/F w/ tips
- PCF408 **3' Glowfish Kit** contains: 1 - 3' B/F, 7 - 3' M/F rods w/ tips

Replacement Rods

- PCF403 **6' Bullnose/Bullnose (B/B)** rod
- PCF406 **6' Bullnose/Female (B/F)** rod
- PCF410 **6' Male/Female (M/F)** rod
- PCF414 **3' Bullnose/Female (B/F)** rod
- PCF415 **3' Male/Female (M/F)** rod

Fiberfish & Glowfish

Our Fiberfish and Glowfish wire installation rods come in sections that screw together as needed. All rods feature durable zinc-plated, rustproof, machined steel end fittings. The kits come packaged in a handy clear carry case with vinyl caps.

FIBERFISH

1/4" Diameter yellow rods.

The original Fiberfish rods. Stiff enough for drop ceilings and flexible enough for insulated walls. Heavy duty rods for tough pulls.

Kits

- FIB107** Fiberfish Kit contains: 1 - 6' B/F, 2 - 6' M/F, and 2 - 3' M/F rods w/ tips
- FIB108** 3' Fiberfish Kit contains: 1 - 3' B/F, 5 - 3' M/F rods w/ tips
- FIB130** "FourPack" contains: 1 - 3' B/F, 3 - 3' M/F, tip, and FishHook in vinyl pouch

Replacement Rods

- FIB103** 6' Bullnose/Female (B/F) rod
- FIB113** 6' Male/Female (M/F) rod
- FIB110** 3' Bullnose/Female (B/F) rod
- FIB114** 3' Male/Female (M/F) rod

GLOWFISH

3/16" Diameter luminous rods.

Our Glow-in-the-dark rods in the versatile 3/16" diameter. Our clear carry case keeps them constantly charged and ready.

Kits

- GLF307** Glowfish Kit contains: 1 - 6' B/F, 4 - 6' M/F w/ tips
- GLF308** 3' Glowfish Kit contains: 1 - 3' B/F, 7 - 3' M/F rods w/ tips

Replacement Rods

- GLF303** 6' Bullnose/Bullnose (B/B) rod
- GLF306** 6' Bullnose/Female (B/F) rod
- GLF310** 6' Male/Female (M/F) rod
- GLF314** 3' Bullnose/Female (B/F) rod
- GLF315** 3' Male/Female (M/F) rod

FIBERFISH II

3/16" Diameter orange rods.

The most versatile of the Fiberfish. Perfect for a wide range of installation situations and challenges.

Kits

- FIB207** Fiberfish Kit contains: 1 - 6' B/F, 4 - 6' M/F w/ tips
- FIB208** 3' Fiberfish Kit contains: 1 - 3' B/F, 7 - 3' M/F rods w/ tips
- FIB230** "FourPack" contains: 1 - 3' B/F, 3 - 3' M/F, tip, and FishHook in vinyl pouch

Replacement Rods

- FIB203** 6' Bullnose/Bullnose (B/B) rod
- FIB206** 6' Bullnose/Female (B/F) rod
- FIB210** 6' Male/Female (M/F) rod
- FIB214** 3' Bullnose/Female (B/F) rod
- FIB215** 3' Male/Female (M/F) rod

GLOWFISH II

5/32" Diameter luminous rods.

Super flexible Glow-in-the-dark rods. Great for tight jobs. The clear carry case keeps them constantly charged and ready.

Kits

- GLF407** Glowfish Kit contains: 1 - 6' B/F, 4 - 6' M/F w/ tips
- GLF408** 3' Glowfish Kit contains: 1 - 3' B/F, 7 - 3' M/F rods w/ tips

Replacement Rods

- GLF403** 6' Bullnose/Bullnose (B/B) rod
- GLF406** 6' Bullnose/Female (B/F) rod
- GLF410** 6' Male/Female (M/F) rod
- GLF414** 3' Bullnose/Female (B/F) rod
- GLF415** 3' Male/Female (M/F) rod

REPAIR KITS

Ends and epoxy for Fiberfish and Glowfish field repairs.

Repair Kits contain: 1 - female end, 1 - male end, and epoxy.

- FIB401** Fiberfish repair kit (1/4" rods)
- FIB402** Fiberfish II & Glowfish repair kit (3/16" rods)
- GLF402** Glowfish II repair kit (5/32" rods)

Fiberglass Restorer

FIB-RST Fiberglass Restoration Kit

Fiberglass gel-coat restorer and swabs to repair minor splintering and rough fiberglass surfaces. Instructions included.

Cable Tray Kit

- FIB148** Cable Tray Kit contains: 1 - 6' B/F, 1/4" diameter rod 7 - 6' M/F 1/4" diameter rods, and a Wisp Head Attachment. Stored in a heavy duty carry case.

Carry Case

- CAR57** Expandable Carry Case for all your BES tools. Approx 60" collapsed, extends to 96" to accommodate even the longest BES tools.

Attachments & Accessories

Attachments

We've re-engineered the attachments to fit both the 3/16" rods and the 5/32" rods. They will still be compatible with all existing parts in the field, and the cost remains the same.

- FishHook** - Use to retrieve or snag wire & cable
- Directional Tool** - Offset bend helps guide the Fiberfish around obstructions in walls
- Magnet Head** - Used with Fish Finder or to catch the ball chain inside wall cavities.
- Pull Ring** - Used to attach multiple wires for larger pulls.
- Ball Chain** - Attach to Fiberfish for interior wall pulls - can be retrieved through small access hole in wall with magnet or Flex-Fish
- Wisp Head** - Use over suspended ceilings - won't catch on T-bars.
- Screw Tip** - Screw into the end of small communication wires for faster and easier pulls.

FIB213 Fish Finder - Locates Fiberfish inside walls

Fiberfish Attachments (1/4" rods)

- FIB105** FishHook
- FIB111** Directional Tool
- FIB112** Magnet Head
- FIB118** Pull Ring
- FIB119** Ball Chain
- FIB122** Wisp Head
- FIB125** Screw Tip

Universal Attachments for ALL (3/16" rods) AND (5/32" rods)

- FIB505** FishHook
- FIB511** Directional Tool
- FIB512** Magnet Head
- FIB518** Pull Ring
- FIB519** Ball Chain
- FIB522** Wisp Head
- FIB525** Screw Tip

Attachment Kit

Attachment Kit contains: FishHook, Directional Tool, Magnet Head, Pull Ring, Ball Chain, and 2 replacement tips. Stored in convenient vinyl pouch

- FIB120** Fiberfish Attachment Kit (1/4" rods)
- FIB520** Universal Attachment Kit for ALL (3/16" rods) AND (5/32" rods)

Master Attachment Kit

Master Attachment Kit contains: FishHook, Directional Tool, Magnet Head, Pull Ring, Ball Chain, Wisp Head, Screw Tip, Flex-Fish (FIB221), and 2 replacement tips.

- FIB140** Fiberfish Master Attachment Kit (1/4" rods)
- FIB540** Universal Master Attachment Kit for ALL (3/16" rods) AND (5/32" rods)

Flex-Fish FIB221

18" flexible fish tool. Bends in any direction and holds its shape. A versatile tool when paired with the attachments pictured above.

Fish Chain & Retriever FIB223

Use the 10 foot chain and magnetic retriever to fish wires in uninsulated walls. Any of the attachments pictured above will fit the retriever.

Tele-Mag FIB224

Telescoping magnet is 25.5" fully extended and a handy 5.5" collapsed. Features a convenient pocket clip.

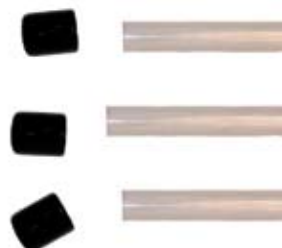

Replacement Tips

Replacement pulling tips for Fiberfish and Glowfish rods.

- FIB101** Fiberfish Tip (1/4" rods)
- FIB201** Fiberfish II Tip (3/16" rods)
- GLF401** Glowfish II Tip (5/32" rods)

Replacement Caps & Tips

Replace lost caps and damaged clear tube cases.

- CT-1-6** 6' replacement tube
- CT-1-3** 3' replacement tube
- CAP-1-BLK** replacement end cap
- HC-1-BLK** replacement hanger cap

Extensions, Step Bits & Ship Auger Bits

Extensions

Flexible Extensions provide more reach and feature dual set screws for extra strong hold. Use the 1/4" Extensions for the 3/4" Auger Piranhbits

- FIBEX48** 3/16" x 48" Extension
- FIBEX54** 3/16" x 54" Extension
- FIBEX72** 3/16" x 72" Extension
- FIBEX1448** 1/4" x 48" Extension for 3/4" bits
- FIBEX1454** 1/4" x 54" Extension for 3/4" bits
- FIBEX1472** 1/4" x 72" Extension for 3/4" bits

WIRE BITS

Wire Bits can be used as locators or "feeler" bits to find a specific wall cavity. The 36" bits can be easily cut to any length needed. Leaves a hole so small it will be unnoticeable.

- WB36047** .047" x 36" Wire Bits (10 pk)
- WB36062** .062" x 36" Wire Bits (10 pk)
- WB36072** .072" x 36" Wire Bits (10 pk)

Multi Bit (Step Drills)

*Available in
1/8" to 1 1/2" sizes.*

Model	Size	Step
MLT 1	1/8" - 1/2"	13
MLT 3	1/4" - 3/4"	9
MLT 4	3/16" - 7/8"	12
MLT 5	7/16" - 1 1/8"	12
MLT 7	1/4" - 1 1/2"	11

Hardened stepped Bits for clean cuts in sheet metal, electrical boxes, arborite, etc.
Handy for creating knockouts.

Ship Auger Bits

The **Auger Bit** is an aggressive self feed bit that cuts fast, clean holes in wood. The hex shank eliminates slippage. Available in 7" & 17" lengths.

Model 7"	Size
AW 3/8	3/8"
AW 1/2	1/2"
AW 11/16	11/16"
AW 3/4	3/4"
AW 7/8	7/8"
AW 1	1"

Model 17"	Size
AW 3/8-17	3/8"
AW 1/2-17	1/2"
AW 11/16-17	11/16"
AW 3/4-17	3/4"
AW 7/8-17	7/8"
AW 1-17	1"
AW 1 1/4-17	1 1/4"

Piranhabits

Piranhabits have 3/16" flexible shafts so they can bend while rotating. This allows drilling inside wall cavities, through box cut-outs or other small openings.

High Speed Steel

Superior quality M-2 High Speed Steel drill bit, welded to a flexible shaft. Cuts both metal and wood. No need to worry about hidden nails or metal studs when drilling.

Now available in 24" & 36" lengths!

FLX1424	1/4"X24" HSS Flexbit	FLX3848	3/8"X48" HSS Flexbit
FLX1436	1/4"X36" HSS Flexbit	FLX3854	3/8"X54" HSS Flexbit
FLX1448	1/4"X48" HSS Flexbit	FLX3872	3/8"X72" HSS Flexbit
FLX1454	1/4"X54" HSS Flexbit	FLX1224	1/2"X24" HSS Flexbit
FLX1472	1/4"X72" HSS Flexbit	FLX1236	1/2"X36" HSS Flexbit

FLM3848	3/8"X48" Masonry Flexbit	FLM1272	1/2"X72" Masonry Flexbit
FLM3854	3/8"X54" Masonry Flexbit		

Replaceable Auger

This patented design allows the drill head to be replaced instead of throwing the entire bit away when it becomes dull. It is manufactured with Loc-Tite on the threads to prevent accidental removal when backing the bit out. Simply clamp in a vise and use pliers to remove the old head and replace for less than half the cost of a new bit. The 3/4" bits have been re-engineered with a 1/4" shaft to reduce the chance of breakage.

FIB1248	1/2"X48" Flexbit	FIB3448	3/4"X48" Flexbit
FIB1254	1/2"X54" Flexbit	FIB3454	3/4"X54" Flexbit

FIB5872	5/8"X72" Flexbit	FIBH34	3/4" Flexbit Replacement Head

Guide Tool

The **Steering Guide** is recommended for superior control of all the Piranhabits.
Item # **FIB-GUD**

Allows the piranah bit to bend for drilling from outside the wall cavity.

Bellhanger's Bits & Durabits

Bellhanger's and Durabits have 1/4" shafts for extra rigidity and strength.

BELLHANGER'S BITS

Our **Bellhanger's** bits are M2 high speed steel jobber bits welded to a 1/4" hardened steel shaft. 118 degree point provides a more gradual breakthrough. Specially designed for drilling through steel plate as well as wood. Slow spiral design improves bit self cleaning and eases pull-back. Crossbore in bit allows wire pulling.

BELL1412	1/4"X12" Bellhanger's Bit
BELL1418	1/4"X18" Bellhanger's Bit

DURABITS

Durabits are rugged self feed wood auger drill bits made from high quality carbon steel, provides fast, accurate and smooth cutting. The Bit is designed from a single flute and single cutter welded to a 1/4" hardened steel shaft. Crossbored through shaft to allow wire pulling.

Contractor Packs

The Contractor Packs are tool kits BES has designed for various levels of installation. Purchasing all the tools in a package offers significant savings over buying each piece individually.

Installer Pack

Fiberfish II Kit; 1/2"x72" Auger Piranhabit; 3/8"x72" HSS Piranhabit; 20' Fiberglass Telepole; Attachment Kit; Carry Case.

CON100 Installer Pack

Contractor Pack

Fiberfish II Kit; 1/2"x72" Auger Piranhabit; 3/8"x72" HSS Piranhabit; 20' Fiberglass Telepole; Attachment Kit; Wisp Head; Flex Fish; Steering Guide; 1" Auger Bit; Carry Case.

CON200 Contractor Pack

Professional Pack

Fiberfish II Kit; 3' Fiberfish II Kit; 1/2"x72" Auger Piranhabit; 3/4"x72" Auger Piranhabit; 3/8"x54" HSS Piranhabit; 1/2"x54" Carbide/Masonry Piranhabit; 20' Fiberglass Telepole; Attachment Kit; Wisp Head; Fish Chain & Retriever; Steering Guide; 1" Auger Bit; WOW Light; Carry Case.

CON300 Professional Pack

Under Carpet Tape, Fish Wire, and Fibersnakes

UNDER CARPET TAPE

Our Under Carpet tape is made from annealed stainless steel. Available in 10' and 25' versions. Use it to run wire between carpet and padding. One rounded end with hole and one curled end.

- UC10** 10' Under Carpet Tape (in PVC case)
- UC25** 25' Under Carpet Tape (in PVC case)

FISH WIRE

An economical alternative to Fibersnakes and fish tapes for shorter pulls. Carbon steel fish wire in 10' and 25' versions.

- FW10** 10' Fish Wire (in PVC case)
- FW25** 25' Fish Wire (in PVC case)

FIBERSNAKES

Fibersnake Fishtapes in pvc case. Use them in conduit. The reinforced fiberglass core is jacketed with a plastic coating for superior flexibility and durability. Zinc plated tips and ends won't rust. Comes with two pulling tips - pull from either direction.

- FIBT10** 10' Fibersnake (in PVC case)
- FIBT25** 25' Fibersnake (in PVC case)
- FIBT40** 40' Fibersnake (in PVC case)
- FIB201** Replacement Pulling Tip
- FIBT-END-S** End Repair Kit

PULL PUCK

Flexible rubber puck for extra gripping power. Use to pull steel, nylon, and fiberglass fishtapes as well as our Fibersnakes.

- PP100** Pull Puck

NYLON PULL TWINE

Nylon twine works well in wet conditions and has excellent UV and abrasion resistance. Also knots well.

- YNPC-18-14** 250' - #18 Nylon Twine

Fibersnakes

Fibersnake Fishtapes and Rodders are designed for use in conduit. The reinforced fiberglass core is jacketed with a plastic coating for superior flexibility and durability. Non-conductive, so it works great for conduit with existing wiring. Rust-proof brass tips and fittings.

**Fibersnakes are designed to pull fish line or rope.
They are not recommended for pulling wire and cable.**

Wire Carts & Reel Holders

EZ - Spool

- The EZ-Spool is designed to pay out shrink wrapped wire coils with no tangles, knots, or dragging.
- The heavy duty polyurethane straps keep wire coils properly adjusted and automatically adapt to different coil diameters.
- Sturdy swivel base prevents tip-overs.
- Lightweight, portable, and reliable solution for wire dispensing.

Dimensions

Total Height: 24"
 Total Width: 23"
 Spindle Height: 21"
 Width of base: 19"
 Weight: 10 lb.
 Max Capacity: 100 lb.

CT1100 Cable Truck

Cable Truck & Cable Caddy

Constructed of rugged 1" steel tubing. The Cable Truck and the Cable Caddy are 43" tall and can accommodate spools up to 16" wide on solid steel 1/2" axles. The Cable Caddy features 6 axle positions for unlimited versatility. The Cable Truck has 4 axle positions and a solid steel plate for transporting material on the job site. Both feature sturdy 7" rubber wheels.

CC1200 Cable Caddy

CC2000D Cable Cart - Data

Cable Carts

The Cable Carts feature vertical racks that swing forward for easy loading and front stanchions for additional spools. Both come with interchangeable 1" and 3/4" axles for the front stanchions. The CC2000 can hold up to 30 spools of THHN, and the CC2000D has fewer axles and more space to hold larger spools of data cable. Both carts feature space for plywood work table on top, heavy duty casters, and hooks to hold a ladder.

CC2000 Cable Cart

Flashlights & Misc Tools

Super Wrist Magnet

- Holds any steel parts
- Comfortable to wear all day
- Made of rugged 2 mil neoprene
- Waterproof
- Adjustable band fits virtually any wrist size

Item# **WM396**

LED Tri-Light

- 3 LED bulbs (100,000 hour life)
- Ultra bright Krypton Light
- Three way switch (1-LED, 3-LED, Krypton bulb)
- Adjustable head strap
- Up to 200 hours on 3 AAA batteries (included)

Item # **TRI-LED**
