Rhino**PRO** 3000

The Professional Tool for All Your Commercial and Residential Labeling Needs.

The *RhinoPRO 3000* is an easy to use, affordable portable printer with labels specifically developed for high end installations all around your home or job site. It's specifically designed for wire and cable networking, home automation, communication, entertainment, HVAC and security systems.

Features and Benefits:

- "Hot Keys" for easy one-touch labeling application:
  - Flagging for wires and cables
  - Vertical and Horizontal Wraps for wires and cables
  - Fixed length for various locations including security panels, face plates and more
  - DPanel for telephone and data distribution panels

- Powerful text "hot keys" for easy one-touch labeling of over 150 common areas.

- Incremental printing – both numeric and alphabetical

- Large 13 character display is easy to read

- Prints up to 2 lines of text in 5 text sizes and 3 print styles

- Uses 3/8" (9mm) and 1/2" (12mm) RhinoPRO label cassettes

- Battery life indicator alerts you when power is low

- Back-lit display for low-light environments

- User selectable for English, French or Spanish language as well as units of measure (inches or millimeters)

- Requires 6 "AA" batteries (not included)

RhinoPRO™ 3000

Making Your Installation Look More Professional.

RhinoPRO Labels:

- Thermal transfer print technology is durable, smearproof, and resists chemicals, solvents, grease, heat, moisture and other harsh elements.

- Permanent adhesive results in labels that stick and last in harsh industrial environments.

- Easy-to-peel labels available in split-back and dry-edge varieties.

Easy-peel split-back label

- Powerful text "Hot Keys" give you the ability to choose from over 150 common areas around the home and job site – saving you valuable time. Here's a sample of the many choices…
