

# LABELING SOLUTIONS

Leviton's full line of labeling products helps identify infrastructure components. The LabelWare® System is a fully integrated labeling solution with user-friendly software ideal for creating TIA/EIA-606-A compliant labels for patch panels, patch cords, 110 wiring products and wallplates. QuickPort® Shutters & Icons offer another form of labeling and keep dust and debris away from Category 6 and 5e connectors installed in QuickPort plates. Or use Labeling Holders & Strips for 110 Wiring Products and Port Identification Kits for patch panels.

## LABELWARE® SYSTEM

### LABELWARE

LabelWare is the perfect tool to create TIA/EIA-606-A compliant labels for cabling infrastructure components. Laser print surface on pre-cut, perforated 8.5" x 11" sheets provides simple application with permanent legibility. User-friendly software includes label templates designed specifically for Leviton patch panels, patch cords, 110 wiring products and wallplates. The context sensitive Help Module includes step-by-step instructions to easily create and customize complex label builds in minutes. The Build Editor allows integration of fonts and symbols from your word processing software. Download LabelWare software at [www.levitonvoicedata.com/labelware](http://www.levitonvoicedata.com/labelware).

[A] Cable Wrap-Around Labels: For use with patch cords .15 to .30 inches (4 to 8mm) in diameter. Self-laminating, adhesive material. 480 wrap-around labels per package.

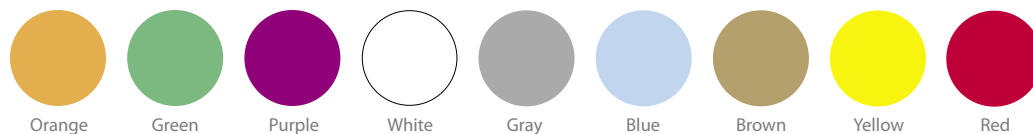

[B] Wallplate & Housing Labels: Durable, white card stock labels fit designation windows in Leviton wallplates, surface mount housings, and modular furniture. 800 labels per package.

[C] Port Labels: Adhesive, non-smudging labels fit wallplates or patch panels. Durable polyester material with clear, adhesive material. 3240 labels per package.

[D-F] Patch Panel & 110 Wiring Product Labels: Card-stock labels are designed for Leviton's QuickPort and Universal Patch Panels and 110 Style Wiring Products. Available in all nine TIA compliant colors. Ten sheets per package.

| Key Circuits                   | Connections to key telephone systems               | Red    |

### Spotlight

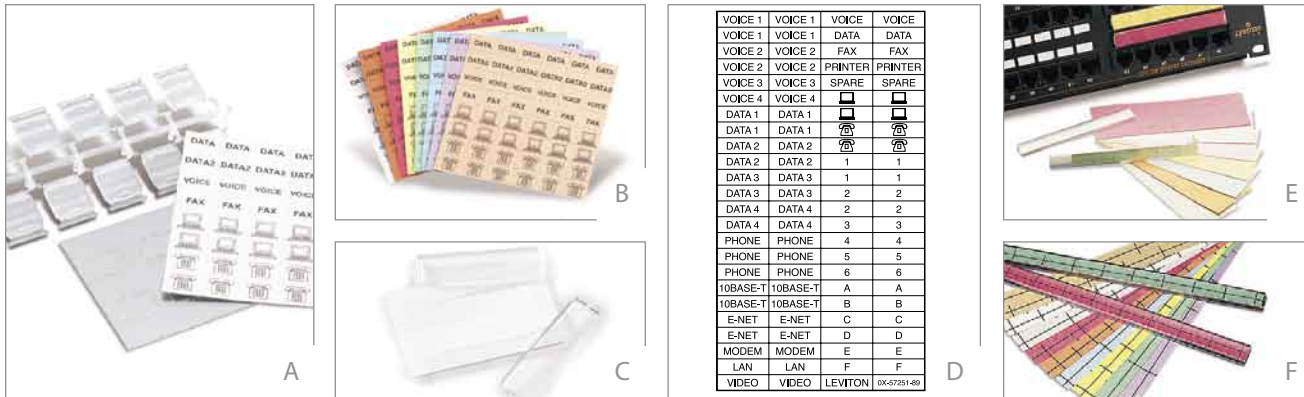

### LabelWare® – Easy to Download & Easy to Print

Download a free trial of LabelWare software at [www.levitonvoicedata.com/labelware](http://www.levitonvoicedata.com/labelware).

LabelWare software features step-by-step instructions and a user-friendly help file to simplify label making and allow you to save jobs for future use, import or export various file types, and copy jobs from one label type to another. Plus, the cover sheet in every package acts as a practice sheet so you can perfect your layout before you print actual labels.

## LABELING ACCESSORIES

### QUICKPORT® SHUTTERS & ICONS

[A, B] Leviton's Field-Installable QuickPort Shutters: Protect connectors from dust and debris with a unique, one-piece hinged door. Shutters feature labels and recessed windows. Compatible with Leviton eXtreme® 10G as well as Category 6, 5e, 5, and 3 and 8-Position Voice Grade connectors, when used in a QuickPort wallplate or housing. Optional label kits are available.

### LABELING ACCESSORIES

[C] Labels & Windows for QuickPort Wallplates & Housings: The same ID labels and covers that come with QuickPort Designation Window plates. Two per package.

[D] Pre-Printed Port Designation Labels: Identify ports on any QuickPort Housing with these attractive and versatile jack designation labels. Printed on clear self-adhesive backing. Commercial or residential labels available. Actual label size is 5/8" x 3/16".

[E] Patch Panel Port Identification Kits: Quickly and easily identify ports on 24- and 48-port patch panels for a perfectly organized installation.

[F] 110 Product Labeling Holders and Strips: Identify 110 ports quickly and easily. The clear plastic holders attach to all types of 110 wiring bases including wall, rack and frame styles. Labeling strips are lined for 2-, 3-, 4- or 5-pair spacing and available in white for Cat 6 110 Wiring Products. Cat 5e labeling strips are available in nine colors.
