

# Rip-Tie CableWrap

- **Fast!** Installs in seconds.
- **Easy!** Handy pull-tab release allows you to rearrange cable groupings with ease.
- **Tidy!** Keeps cables neatly and safely out of your way.

## SIZE GUIDE

1. These recommendations are based on mating the full length of the hook section of the CableWrap in order to achieve maximum strength.
2. Two important variables are the diameter of the cable and the coil diameter, both will effect the proper choice of Rip-Tie length to match the cable length.
3. This is only a guide. You may find that your experience will vary.

Size	Diameter	Description
5/8" x 6" L6	1-1/2"	This narrow Rip-Tie CableWrap organizes short, lightweight cables under 10 ft in length including cords to small electrical appliances, patch cables, and small extension cords. It is ideal for Laptop computer accessories.
1" x 3" H3	3/4"	This short heavy duty Rip-Tie CableWrap is for short cables where extra strength is required. It is the shortest Rip-Tie CableWrap for cords less than 5 ft long.
1" x 6" H6	1-1/2"	This is the universal medium size Rip-Tie CableWrap. It organizes cords on small appliances and portable power tools, removable power cables, short extension cables and most cables up to 25ft long.
1" x 9" H9	2-1/4"	This medium long Rip-Tie CableWrap is for use on extension cords and power cables from 20-30 ft., pneumatic hose up to 15 ft long.
1" x 14" H14	3-3/4"	This long, heavy duty Rip-Tie CableWrap organizes large heavy duty extension cables (i.e. 12/3) up to 50 ft. This is the industrial standard for companies that use portable heavy duty equipment.
1" x 21" H21	5-1/2"	Use this Rip-Tie CableWrap for 75-100 ft. cables, pneumatic hoses, water hoses and other larger diameter materials.
2" x 18" E18	4"	This Rip-Tie CableWrap is for those demanding greater strength for their cables and hose bundles; typically, welding cables and other heavy industrial uses. They are double grommetted for attachment with two 50 lbs nylon ties, and features a protective flap to cover the nylon tie heads.
2" x 24" E24	6-1/2"	Same features as the E18 but LONGER for larger coils.
2" x 30" E30	8-1/2"	Same features as the E18 but LONGER for larger coils.
2" x 36" E36	10-1/2"	Longest CableWrap for heavy duty stranded power distribution cable.

- Patented...one end permanently attaches to the cable...the other end has a pull tab to free the Rip-Tie with one hand.
- Durable, made of the best quality hook and loop touch fastener...tested for 10,000 closures with no loss of holding strength.
- Used in many industries and by home users, wherever it is important to secure cables, keep them organized, and eliminate cable safety hazards.
- 11 sizes, 14 colors, plus the Rainbow Pack...all ten colors of the EIA Code in one package.
- Reusable and permanent...won't add non-recyclable materials to the environment. You can stop throwing cut plastic ties away.
