

TRANSCEND MOUNT

FOR UP TO 75" TV

- 26" Of Downward Travel
- TV Maximum Screen Size: 75"
- Maximum Weight: 125 lbs.
- 4 Different Swivel Settings

The Transcend is the most advanced pull-down mount available. Precision engineered suspension and dual counterbalance pistons suspend up to a 75" screen in mid-air at the optimal viewing height. The Transcend's in-wall mounting solution boasts an ultra-thin profile, allowing the screen to rest only 2.1 inches off the mounting wall, while 4-way swivel and 7 degrees of forward tilt make it even more versatile.

- Industry Leading Reliability
- Easy to Install
- Ships Fully Assembled

Height: 27.75"
Width: 29"
Depth: 5.63" (Total Mechanism) -- 2.1" (From Wall)

- Cable Management Materials

ACCESSORIES

Soundbar Mount

Now your hidden TV will sound as good as it looks! Use this convenient mount to place your soundbar just below the TV.

INSTALLATION TIPS

- Tip #1** Plan where to mount the system prior to making any cuts. Use Nexus' Shelf Clearance Table to properly plan your installation.
- Tip #2** Adjust the counterbalance prior to hanging the TV on the mount. Use Nexus' Instruction manual to estimate your pre-adjustment. See Nexus' Instruction manual for all adjustability provided with this mount.
- Tip #3** Attach the Vertical Mounting Bars as high as possible on the TV in order to maximize your downward travel.
