

Varifocal Eyeball Dome

6821-0

The Oil Rubbed Bronze 6821-0 Varifocal Eyeball Dome camera provides wide area coverage during day and night with the ability to view objects in great detail with up to 700 lines of resolution. The camera's superior image quality is the perfect combination for premium surveillance solutions. The built-in OSD (On Screen Display) programming allows extensive customizing to suit a variety of applications. Where most dome cameras are 2-Axis, the 3-Axis eyeball design feature insures that you can maneuver the camera at an angle that would be most beneficial when viewing. The external lens focus and zoom control screws make it simple to get the best possible image out of the cameras 2.8-12mm varifocal lens.

Features

Sony 1/3" Hi-Res Effio E CCD image sensor provides outstanding DVR & LCD Ready picture quality

Oil Rubbed Bronze finish with a rugged IP66 construction that provides protection against rain, dust and moisture

The Vandal Proof Heavy-duty housing with locking screw provides durable protection against potential tampering

2.8-12mm Varifocal Lens with easy-to-access external Focus and Zoom adjustment

Wide dynamic range function to provide clear images even under back light circumstances where intensity of illumination can vary

Specifications

Image Sensor: Sony 1/3" Hi-Res Effio E CCD

Picture Elements: NTSC: 811 (H) x 508 (V)

Resolution: 700 lines

S/N Ratio: More than 48 dB Min

Illumination: 0 LUX (IR on)

Gamma Characteristic: 0.45

Auto Electronic Shutter: Auto, 1/50 (1/60) - 1/100,000 Sec

AGC: Built in

Camera Lens: 2.8-12mm

Sync. System: Internal, Negative sync.

Power Requirements: 12VDC 196mA (IR off) 250mA (IR on)

Infrared Illumination: 36 IR LEDs

LED Wavelength: 850nm

Illumination Distance: 13 meters (45ft)

Video Output: 1 Vp-p @ 75 ohms

Weatherproof Rating: IP66

Color: Oil Rubbed Bronze

Operating Temp: -10°C to 50°C (14°F to 122°F)

Power Supply Connector Size: 2.1mm (Recommend 5015PS)
