LOUDSPEAKERS

400 II

Perhaps the most flexible and effective speaker solution on the market, this full size (39" tall) 3-way design mounts easily on-wall OR stands on a gorgeous custom-designed plinth. The 400 II provides the ideal balance between cosmetic appeal and dynamic audio impact.

Equipped with dual mid-bass drivers, a 4" midrange driver and a high-performance 1" soft dome tweeter, the 400 II is a wonderful companion for large projector screens, large flat panels TV's and as floor-standing stereo loudspeakers.
