QUALITY CUSTOM PRODUCTS

Dècor Splitport™

The innovative one-piece metal strap and grommet design features a break on one side to bend open and close for easy cable pass through. The grommet is integrally molded to the metal strap so no grommet installation is needed. The Dècor Splitport™ is perfect for audio, video, security, and office networking.

- One side split for easy cable pass through
- Metal strap and flexible grommet
- Can be used with any standard dècor plate
- Gang together for large cable runs
- Use a utility knife to customize cable pass through opening
