DECORA ENHANCED LIVING

LEVITON®
Building a Connected World

DECORA® ENHANCED LIVING

Multiple Ways to Mix It Up

Decora Enhanced Living devices fit perfectly in action-packed home theaters, home offices and family rooms. Coordinated lighting controls set the scene, speakers add sound effects, and QuickPort® Multimedia Connections turn home viewing into a multiplex experience. The same devices, with a few module changes, provide home offices with complete connectivity for audio, video, data and telephone.

DECORA LIGHTING CONTROLS

Mural™ Scene-Capable Lighting Controls

offer seven distinct lighting scenes for home viewing and entertaining.

MN00C-1LW

DECORA VOLUME CONTROLS

Digital Chopin™ Volume Control System

Helps fill a home with high-quality audio. Volume control installs in a standard wallbox and connects via Category 5 cable to interface modules in Leviton Structured Media enclosures.

48211-WVC

Strauss™ Transformer-Free Volume Control

is ideal for distributed or whole-house audio installations in the home, maintaining signal purity and linear response unlike conventional volume controls.
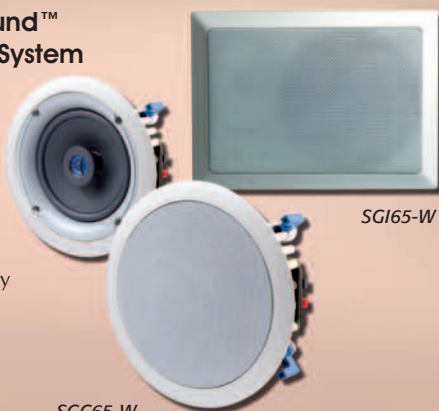

SGVST-W

Volume Controls work with:
Spec-Grade Sound System Matching Module with built-in auto-surge technology (SGAMP). Spec-Grade Sound™ In-Wall (SGI80-W), Ceiling Flush-Mount (SGC65-W) and Outdoor Speakers (SGO99-W).

HOME THEATER SPEAKER SYSTEM

Leviton Spec-Grade Sound™ Home Theater Speaker System

6.5-inch Two-Way In-Wall and In-Ceiling Loudspeakers offer the latest in top-of-the-line features, including a Kevlar-composite woofer for reproducing critical low and middle frequencies and an AeroNylon dome high-frequency transducer.

SGI65-W

SGC65-W

WHOLE-HOUSE AUDIO/VIDEO

Decora Media System

distributes audio/video signals via Category 5 cable anywhere in the home. Consists of Send Unit, Receive Unit and Media Hub.

Works with:
Multi-Room Infrared Repeater system (47621).

3

IPI06-LAW

IllumaTech™ Preset Slide Dimmer

provides single-pole (one location) and 3-way (multi-location) control when used with a 3-way switch.

RTD01-AW

IllumaTech™ Rotary Dual Quiet Fan Speed Control and Fixture Dimmer

is perfect for ceiling fans with built-in light fixtures.

IPF01-LAW

IllumaTech™ 1.5A Quiet Fan-Speed Control

works quietly and efficiently.

6260M-W

Electronic Timer Switch

features 4 preset buttons plus OFF for timed control of lights and exhaust fans.

DECORA® ENHANCED LIVING
Resource Sharing

Kitchens today remain the heart of the home, but are now filled with complex appliances, computers and sophisticated lighting and fan speed controls. In dining rooms, dimmers create the perfect mood for casual, romantic or festive occasions. And the hands-free convenience of occupancy sensors is welcome in laundry rooms. To meet California Title 24 Residential Lighting Standards for 2005, a Manual-ON occupancy sensor is also available.

80301-SW

Screwless Snap-On Wallplates

offer a seamless, truly screwless installation; even the subplate has no screws.

8898-W

SmartLock® GFCI

with patented lockout action provides superior ground fault protection. Available in 15A and 20A configurations.

PR150-1LW

Wall Switch Single-Pole Infrared Occupancy Sensor

covers 150°, 525 sq. ft., turns lights ON and OFF automatically for hands-free convenience.

IPP10-1LW

Manual-ON PIR Occupancy Sensor

covers 180°, approx. 900 sq. ft., and complies with California Title 24 Residential Lighting Standards for 2005. It turns lights OFF automatically if motion isn't detected in coverage area.

Laundry Room

DECORA® ENHANCED LIVING
Presents A Wealth Of Possibilities

No matter how you combine the options, Decora Enhanced Living electrical and electronic devices offer a coordinated family of products for every residential application. Targeted to upscale lifestyles, the Decora® Enhanced Living collection includes state-of-the-art digital and analog devices that work together, play together and control home environments, while adding a touch of elegance to fine furnishings. Decora Enhanced Living is the best all-around collection for smarter residential living, enabling lighting and security control, whole-house audio/video, and energy-saving conveniences. Easy to install, Decora Enhanced Living products provide the luxurious details that turn a house into a home.

Room by room…Decora Enhanced Living devices maximize the benefits for builders, contractors, architects, specifiers and designers.

STYLE

Decora has long defined the top of the decorator-grade electrical device market. Sleek and streamlined, the Decora profile looks great in every setting, and is easy to use by people of all ages and abilities. From advanced GFCIs to sophisticated lighting controls and home automation products, the collection encompasses a broad range of products for every application, in colors that coordinate with the latest trends.

VERSATILITY

Decora Enhanced Living products extend beyond switches and receptacles to offer a completely integrated system of devices that brings a new level of ease and comfort to residential living. The Decora products work with many high-tech devices, including Leviton Integrated Networks™ structured wiring enclosures and Voice and Data multimedia connections.

PROFITABILITY

Decora Enhanced Living devices create additional opportunities for sales of coordinating products and upgrade packages that translate into greater profits for you.

Decora Camera

allows monitoring from another room. Ideal for baby's room or foyer.

Works with:

Media Center Modulator. Takes signal from security camera and modulates it to unused cable TV channel, which combines with CATV signal to multiple locations in home (48213-VMA).

Structured Media Video Sequencer automatically switches between video cameras. Up to four Decora cameras in any combination may be monitored sequentially (48213-CVS).

48213-WDC

911 Switch

replaces standard single-pole switch. Flashing lights ON and OFF when activated, it alerts neighbors and helps emergency personnel quickly locate a house.

Flash

911-W

TouchPoint™ Preset Touch Pad Lighting Controls

provide full-range dimming in foyers and bedrooms.

TPI06-1LW

Illuminated Switches

act as night-lights in bedrooms and hallways.

5611-W

DECORA® ENHANCED LIVING
Versatile Viewpoints

Monitoring who's at the front door or checking up on baby from another room is no longer a luxury but a necessity for many homeowners. A Decora camera delivers high-quality color video output that runs through a Structured Media enclosure and connects to monitors anywhere in the home. Dimmers and illuminated switches boost the comfort and safety levels for residents. In the bathroom, spa-style amenities rule, and heat lamps, dimmers and timers contribute to a relaxed atmosphere.

Decora Plus SmartLock® GFCI

Patented lockout action provides advanced ground fault protection. NEC code requires GFCIs anywhere a receptacle and water source are present.

8598-W

Decora Combination Switch/SmartLock® GFCI

saves space in bathrooms and provides SmartLock advanced ground fault protection.

8299-W

Decora Plus Preset Electronic Timer Switches

control heat lamps, hot tubs and bathroom fans in 5-10-15-30 minute intervals.

6230M-W

For foyer lights, utilize a 500W incandescent version, in 2-4-8-12 hour intervals.

6512H-W

DECORA® ENHANCED LIVING
Great Outdoor Options

Decora Enhanced Living products provide plenty of upgrade opportunities for entranceways, patios and pool areas. Motion sensors and timers give homes a lived-in look, save energy and increase safety. Outdoor entertaining is enhanced by the sound of music coming from Leviton Spec-Grade Sound™ speakers paired with Decora Volume Controls.

SOUND AMENITIES

Spec-Grade Sound™ Outdoor Loudspeaker

offers the ultimate audio system, utilizing a two-way balanced precision crossover network with AutoSurge circuit protection and polydome high frequency tweeter. Rugged polypropylene enclosure with gold-plated binding terminals and aluminum mounting bracket resists the elements.

SGO99-W

Decora Strauss™ Transformer-Free Volume Controls

combine with Spec Grade Sound™ Indoor and Outdoor Speakers to create a system that delivers excellent sound reproduction. Can be used outdoors when mounted with any Decora all-weather cover.

SGVST-W

DECORA QUIET FAN SPEED CONTROLS

IllumaTech™ Rotary and Preset Quiet Slide Fan Speed Controls

operate multiple fans. Perfect for patios, decks, verandas and lanais.

RTF01-AW

IPF01-LAW

OUTDOOR PROTECTION

Decora 24-Hour Programmable Timer

controls outdoor lighting, pools, motors, fans, attic fans, hot tubs and security lighting.

6124H-W

Decora 14-Hour Programmable Timer Switch

is ideal for residential incandescent lighting control, including indoor, outdoor and seasonal lighting.

6651-W

Decora Wall Switch PIR Occupancy Sensor

Single-Pole and 3-Way PIR Occupancy Sensor illuminates entranceways, improving security on the home front. Covers 180°, 2100 sq. ft.

PR180-ILW

SmartLock® GFCI with Raintight-While-in-Use Cover

provides all-weather protection for SmartLock GFCI receptacle.

8898-W, 5977-GY

Outdoor Dual Floodlight PIR Motion Sensors

For excellent control of exterior pathways, install occupancy sensors with dual floodlights: Residential Series Outdoor PIR Motion Sensor covers 180° (RS110-1F); Professional Series Outdoor PIR Motion Sensor with Dual Floodlights covers 200°

PS200-1FW
